

The Lang, Stirling, Kennedy, Young Chart, showing the ancestors of Helena Mary Lang

[chart explanation](#) [simplified version](#) [Recent Generations >](#)

The following chart starts (from the right column working left) with the parents of Helena Mary Lang (John Lang and Janet Stuart Kennedy).

Some appear with numerous variants. These are shown on the chart where the variants appear in the records for an individual. Often the name will be spelt differently on birth and marriage certificates, and on the certificates for the individual's children. Standardisation of surname spelling is relatively recent.

N.B. The following list is of **my ancestral** surnames in this chart. There are **many other surnames** on this chart, but this index covers only those who are **direct** ancestors of **mine**. You can also use the *Search* facility in order to find other names. Please bear in mind the many possible spellings of any given name.

Hamilton, Kennedy, Lang, Robertson, Stirling, Stuart, Williamson*, Young

* These names appear as forenames only but almost certainly are ancestral. Those shown in ***small italicised font*** are possible matches, based usually on **IGI / LDS** records. Much of the original data came from a cousin, Thomas Kennedy of Auldgirth, Dumfriesshire, and some from my great aunt Mrs Walker and a cousin, Jean Facey. I also searched the **Scottish Registers** in the late 1970's, though not of course via the internet then! I have used this data and subsequently tried to fill in the gaps via **IGI / LDS** records plus extra information provided by other contributors.

I discovered that I originally had the wrong Janet Stirling - there was another Janet Stirling born around the same time, daughter of William Stirling and Jean Bankeir. Census records show clearly that this was not the Janet Stirling who was the mother of John Lang.

The pages on this site are designed to print without menus, etc, so that you only get the main page content. However, due to the size of the chart on this page, for printing please use the **pdf version** and print it in landscape format. Please note that the pdf version does not get updated as often.
